## PROFILE SUMMARY

Aspiring Software Engineer passionate about web development, particularly in the MERN Stack. Skilled in designing and developing scalable, high-performance applications while adhering to robust software engineering principles. Committed to contributing to user-centric digital solutions and continuously refining technical and problem-solving abilities in dynamic environments.

## EDUCATION

**GITAM** (DEEMED TO BE UNIVERSITY), Visakhapatnam, Andhra Pradesh **09/2022 – 2026**

- Bachelor Of Technology (B. Tech) | Computer Science & Business Systems
- CGPA: 8.34/10.00

**Dharampeth M.P. Deo Memorial** Science College, Nagpur **04/2020 – 2022**

- Higher Secondary Certificate (HSC)
- Percentage: 72.67%

**Dilasagram** Convent High School, Ballarpur **04/2019 – 2020**

- Secondary School Certificate (SSC)
- Percentage: 94.80%

## WORK EXPERIENCE

**Salesforce Virtual Internship | SmartBridge & AICTE** **05/2025 – 07/2025 (Ongoing)**

- Participating in a virtual internship focused on real-world Salesforce applications and CRM development.
- Completing live bootcamps, Trailhead modules, and hands-on projects using Salesforce technologies.
- Gaining experience in CRM solutions, automation tools, and cloud-based business processes by working on industry use cases, earning Super badges, and enhancing operational efficiency by **10%-20%** through guided soft skills sessions.

**AWS Academy Data Engineering Virtual Internship | AICTE-Edu Skills** **04/2025 – 06/2025**

- Built and managed scalable data pipelines using AWS services, enabling efficient data ingestion and transformation.
- Designed ETL workflows for structured and semi-structured data.
- Optimized query performance and improved storage efficiency on the cloud by 30%.

**Google Android Developer Virtual Internship | AICTE-Edu Skills** **01/2025 – 03/2025**

- Engineered Android applications using Android Studio and Kotlin, focusing on UI/UX design, API integration, and app optimization.
- Developed and implemented interactive mobile interfaces to enhance user experience and engagement.
- Integrated third-party APIs and optimized application performance, reducing app load time by **25%**.

## PROJECTS

- **BINGE-IT – Online Movie Ticket Selling Platform**
  - Designed a Figma prototype, streamlining UI/UX and reducing development time by 20%.
  - Built a dynamic web platform with real-time seat selection, secure payments, and QR-based e-tickets.
- **CivicAI – AI-Powered Public Grievance Management Platform**
  - Developed a **MERN** stack platform for text, voice, and video-based complaint submissions.
  - Integrated AI-driven spam detection and prioritization for efficient grievance resolution.
  - Designed an Admin Dashboard with real-time tracking and analytics while ensuring **user anonymity**.

## SKILLS

- **Technologies:** C, C++, Python, CSS, Java, MERN Stack, HTML, CSS, JavaScript, Tailwind CSS, MongoDB, Express.js, Node.js, React.js, SQL, **Additional Skills:** Leadership, Problem-Solving, Technical Documentation, Data Structures & Algorithms, Scalable Web Applications, Front-end, Backend, Full Stack, Critical Thinking.

## CERTIFICATES

- **TechXcelerate 2025 – Web App Development (MERN)** | Workshop & Hackathon | BITS Pilani Hyderabad
